Applicant agrees to supply all required procedures and information on a confidential basis. IASC representatives will sign a confidentiality agreement if required. The applicant acknowledges that this certification will last for three (3) years from the date of certification unless the Council has cause to repeat the facility certification inspection or the facility is relocated. Recertification cost will be at the established fee at the time of re-evaluation, cause or a facility move.

Tentative Date of Requested Facility Certification:

Important: By signing this application, you are agreeing to adhere to all applicable policies and procedures of the International Aloe Science Council Certification Program. You are also agreeing to the terms of the Certification Mark Authority and License to use which is incorporated by reference into your application as if reproduced here.

Applicants will be notified of application approval along with a statement of associated certification expenses. The certification procedure will not begin until all expenses are received by IASC.
